

Our Family Money & Jobs Chart

Pocket Money – every Wednesday

Everyone gets **£7**, paid straight to Monzo. No jobs needed – this is just for being part of the family.

Everyday Jobs (these don't earn extra money – we all pitch in!)

Tick these off each day – they're just part of being part of the team:

-  Put your plate and cup in the dishwasher after meal
-  Tidy your room before the cleaner comes on
- **Thursday**
-  Tidy the lounge before the cleaner comes on
- **Thursday**
-  Get yourself ready for school in the morning (uniform, shoes, bag)
-  Make your own breakfast
-  Brush your teeth in the morning and the night – no reminders!
-  Make your bed
-  Put dirty clothes in the laundry basket
-  Put clean clothes away when they're put on your bed
-  Pack your school bag
-  Put your shoes and coat away when you get home
-  Hang your coat up instead of dropping it

Paid Jobs (extra money – ask Mum or Dad first!)

Ask "Is there a job I can do?" and we'll pick one from the list (or tell you if there isn't one that week).

Saving for something big?

Ask Mum or Dad to set up a **Savings Goal** in your Save Pot – like a new Switch game! Watch the bar fill up as your pocket money and paid jobs add up. Doing a paid job or two gets you there faster!
